## 1,000 Voices Sing Music Of Christmas

A thousand high school singers from Florida Gold Coast and South Central Florida schools will take part in the fourth annual "1,000 Voices Sing the Music of Christmas" to be presented Sunday, December 11, in Chapel-by-the-Lake, West Palm Beach.

Again this year the program will be taped for Christmas Eve viewing on northern television stations, reaching an estimated 15,000,000 persons.

Stan Doyle, WFTV-TV executive who is producer-conductor, will launch the hour-long program at 7:30 p.m. There is no charge and the public is invited. Previous years have seen overflow crowds.

"We are very fortunate to again this year have Ernest Chappell, nationally known TV and radio announcer as our narrator," said Doyle, "and tenor Hugh Albee, professor of music at Palm Beach Junior College, as our soloist."

The Yule music will be sung in the magnificent open-air setting of the Chapel, against a background of palms, rippling water and yachts at anchor.

The young people, all wearing the uniforms of their individual schools, will sing modern, traditional and religious selections.

Among the schools participating will be Belle Glade High School.

## Teacher Exam Scheduled On January 7

Prospective teachers in the local area will have an opportunity to take the National Teachers Examination Saturday, January 7, at Palm Beach Junior College, which has been designated as a test center by Educational Testing Service.

The examination is a requirement for regular certification in Florida. The test requires the entire day, and is divided into the Common Examination, taken by all applicants, and a Teaching Area Examination, testing subject matter in one of 13 different fields.

Additional information may be obtained from Elbert E. Bishop, registrar at the college.

## Heart Fund Gifts Largest In Florida

Gifts to the Palm Beach County Chapter of the American Heart Association were the largest of any chapter in Florida this year.

The statewide Heart Fund report listed contributions from Palm Beach and Martin Counties in the amount of \$327,126. The second largest total was \$280,992, reported by the Suncoast Heart Association which serves Pinellas, Sarasota and Manatee Counties.

"The splendid response from the people of Palm Beach and Martin Counties is dramatic evidence that they understand that the best way to advance the conquest of heart disease is through research," said Sen. Jerry Thomas, chairman of the board of the local Heart Association.

"Heart and circulatory disease killed 30,066 persons in Florida last year, more people than live in a town the size of Lake Worth. But on the bright side, countless thousands of lives have been saved or healed. The medical advances that made this possible were accomplished through the generosity of people such as we have in our own county."

Total contributions in the state were \$1,214,022. Florida is among the 10 "million dollar" states listed by the American Heart Association. The 1966 Palm Beach Heart Ball, headed by Mrs. Louis E. Marmon, was the nation's largest Heart benefit.

## Christmas Mail Rules Announced

Postmaster Edythe Smith of the Canal Point Post Office announced this week that all first class mail, personal sound recordings and parcels weighing five pounds or less and measuring not more than 60 inches in length and girth combined, will be airfreighted on a space available basis between the United States and all military post offices overseas.

Also, under Public Law 89-725—the Dulski Military Mail Act—second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airfreighted from San Francisco to the armed forces serving in Viet Nam.

To speed up separation and delivery of these parcels falling in the above mentioned category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airmail mail). This will eliminate the task of reweighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Viet Nam or other overseas military post offices.

Postmaster Smith also reminded mailers that Christmas parcels weighing five pounds or under should be mailed no later than December 1. Airmail should be sent no later than December 10.

The book which contains 240 pages is a complete study of the Florida deer from early history to present day management practices.

According to Commission Director, O. E. Frye, the first place award was for outstanding publications and was presented by the Wildlife Society at the recent meeting of the Southeastern Association of Game and Fish Commissioners in North Carolina.

Frye said, "The objectives of the Association of the Game and Fish Commissioners is to provide an opportunity for professionals in the game and fish conservation fields to meet and discuss new developments and progress in wildlife conservation."

**"Today, none of us can remain aloof on the sidelines."**

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

## Toothbrushes Are Sold By VLBs

The Victory Leaders Band of the Church of God of Prophecy in Pahokee announces their new fund-raising project—the Family-Pak Toothbrushes.

Dentists say toothbrushes should be replaced every three months. Each Family-Pak of toothbrushes contains three top-quality toothbrushes made with DuPont nylon bristles with unbreakable handles. The price is only \$1.00 per Pak.

"Dental health is important to everyone," says Jim Matthews, project chairman. "We, of the VLBs are happy to be able to emphasize good dental health while conducting our fund raising project. Many people who need a new toothbrush do not go out and buy one when they should. We are going to take the brushes to them."

Members of the Victory Leaders will be distributing the toothbrushes in this area for the next few days to give you an opportunity to purchase the Family-Paks for only \$1.00 per Pak. Proceeds from the sale will be used to purchase literature tracts to be distributed here in the United States and in foreign countries.

If no representative of the VLBs should contact you, Mrs. Jean Ingram may be contacted at 924-5332 to place an order for the Family-Pak.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
